

## **NOTICE OF PUBLIC HEARING**

### Iowa Weatherization Assistance Program

DES MOINES – Iowans have an opportunity to review and comment on Iowa's Weatherization Assistance Program proposed Program Year 2025 State Plan.

The Weatherization Assistance Program's (WAP) mission is to enhance the well-being of low-income residents, particularly those persons who are most vulnerable such as the elderly, those with a disability, and children, through the installation of energy efficiency and energy-related health and safety measures, thus benefiting households through reduced energy bills, enhanced comfort, and the mitigation of energy-related health risks. The Iowa Department of Health and Human Services, Division of Community Access, Community Action Agencies (CAA) Subdivision has been designated by the Governor of Iowa to administer Iowa's Weatherization Assistance Program.

Copies of the proposed Iowa Weatherization Assistance Program Year 2025 State Plan will be available for public viewing at all Iowa Community Action Agencies, the Iowa Community Action Association, and on the CAA Subdivision website <https://hhs.iowa.gov/programs/programs-and-services/weatherization> from January 24, 2025 through February 4, 2025.

Final WAP allocations to Subgrantees will reflect adjustments between the dollar amounts of U.S. Department of Energy (DOE) Memo 139 or subsequent DOE Weatherization Program Notice 25-2 final WAP appropriations. The plan is subject to change based on comments received by the state and regulations from DOE. Funds may be reallocated as necessary to fully expend the grant award during the budget period.

Written comments regarding the plan will be accepted through February 4, 2024 at 8:30am, emailed to [dcaa@hhs.iowa.gov](mailto:dcaa@hhs.iowa.gov) with the subject "DOE State Plan Comments".

The public hearing is being held virtually: February 4, 2025 at 8:30am

Attendees should register by emailing [dcaa@hhs.iowa.gov](mailto:dcaa@hhs.iowa.gov).

Verbal comments received during the meeting are limited to 10 minutes per person.
